---

Spring 2008

Dear Parents/Guardians,

We have recently been informed by the New Jersey Department of Health and Senior Services that two additional immunizations will be required for all students entering 6<sup>th</sup> grade who were born on or after January 1, 1997.

- Diphtheria, Tetanus Toxioids and Pertussis Vaccine (TDap):  
1 dose after turning 10 years old and given no sooner than 5 years since the last DTP/DTap or TD vaccination.
- Meningococcal Vaccine:  
1 dose after turning 11 years old.

If you have any questions regarding this new requirement please speak to the school nurse in your child's current school. We appreciate your cooperation in helping to make your child's transition from elementary to middle school a smooth one.

Sincerely,

Barbara Snepar, RN, CSN  
Crossroads North

Pam Weis, RN, CSN  
Crossroads South
