

## South Brunswick Community Education

Welcome to South Brunswick Community Education! We have been part of the South Brunswick School District since 1988. We serve students Pre-K-12 in a variety of programs throughout the year. Below are some Frequently Asked Questions (FAQs) that we believe will help you get to know our programs and services. More information can be found on our website, [www.sbschools.org](http://www.sbschools.org). As always, if you have specific questions, please call our office. We are here to “serve the diverse needs of our community.”

**Q) Even though my child attended pre-school, I want to make sure my child is comfortable and ready for KG in the South Brunswick School District. What types of programs does Community Education offer for incoming Kindergarten (KG) students during the summer?**

- A) We offer a variety of programs for our incoming KG students. We have art, music, math and reading camps specifically designed for our KG students. We also have a program titled, “**Jump Start into SB Kindergarten.**” Children who attend this program do so at the school they will attend in September. This program is instructed by a certified teacher and children get to know the school, the classroom routines, enjoy books, math games and participate in social games with other KG students from their school. A real plus for any child! More information can be found on Page 6 of our summer brochure. This brochure can be found online at [www.sbschools.org](http://www.sbschools.org) and you should register ASAP for these programs.

**Q) Does Community Education offer a Before School and an After School Program during the school year (September-June)?**

- A) Yes! Community Education offers a before school and an after school program at each one of our elementary schools and offers an after school program at the middle school level. The program at the middle school level is called “Club 6-7-8.” The before school program starts as early as 7 AM and our after school program can be as late as 6 PM depending on the needs of the family. Snacks, play, social and homework time are provided in the program.
