**Addendum Notification**

**Addendum I**

**2018-01 Internet Services and High  
Speed Fiber Optic WAN**

**Two questions were received for this bid and are listed below along with the answers.**

**Q: For the erate response there was a document attached to the 470 that requires bid documents, bid bond, etc. I am pretty sure it is just for the WAN and internet services (category 1), but wanted to be 100% sure you don't need this for the category 2 response as well. Can you just confirm?**

**A: Yes category 1.**

**Q: Is this a partial or full upgrade of your wireless network? In addition, can you shed some insight into why Meraki is a preference for you? What features and functionality stood out?**

**A: It is partial upgrade of our wireless network with only aging Access Points being replaced by newer models. Meraki is our only preference due to its past successful performance and the granularity and simplicity of its management dashboard.**

**You MUST acknowledge receipt of this addendum and include a signed copy in your bid submission.**

**Any questions or concerns, kindly email me at [lori.siemon@sbschools.org](mailto:lori.siemon@sbschools.org).**
