### What is SEA's Role?

- Provide meaningful support, education and information to parents of students with disabilities and their families.
- Provide direct input to the school district about policies, programs, practices, and services that have an impact on students with disabilities and their families.

### Who Should Attend?

- Parents of children with disabilities who have an IEP who are educated in schools within or outside of the student's home district.
- School staff, former students, other parents committed to improving education in their district and community leaders.
