

CAMBRIDGE COUGARS

"GO"

The BIG rage this summer was *Pokemon Go*.....

This school year we bring you "**Cambridge Cougars Go**" a program intended to motivate our students to "GO" and be active outside of the regular school day.

The goal of the program is for students to accumulate a minimum of 150 points by selecting and participating in the variety of activities that are found on the reverse side of this flier. **Super Cougars** will be those students who achieve 200 points or more by the end of the program. Those students who accumulate 150 points will receive a certificate of completion. **Super Cougars** who accumulate 200 points or more will be recognized during our Awards Ceremony on the last day of school.

All activities should be done for a minimum of **20 minutes** for the students to accumulate the designated amount of points, as well as achieve the health benefits of that activity. Multiple activities can be done on a given day, but each activity should be done for a minimum of 20 minutes to achieve the designated points.

Please do not create your own point system!

Please Note: Organized Sports and/or classes will be awarded differently, please see the guidelines for those activities.

The program will run from
Friday, September 23rd through Sunday, June 11th

How do you participate?
