December 12th PTO Meeting 7:30 Media Center

A big thank you to Suzanne Franco and the Halloween Social Committee. We appreciate all those who volunteered. The kids and their families had a *spooktakular* night.

COMMUNICATIONS REGARDING SCHOOL CLOSING

There are important changes to the way in which the District communicates its school closings, delayed openings and other inclement weather-related information.

Effective this winter, radio station Magic 98.3 FM (WMSGQ) will no longer broadcast school closings or delayed opening announcements on the air.

Therefore, families interested in obtaining information should turn to the following media outlets for information:

- Radio Stations WCTC (1450 AM) and WPST (94.5 FM) anytime between 6:00 a.m. and 8:30 a.m.
- COMCAST CABLE CHANNEL 28 (Viking Television Network)
- CHANNEL 4 (NBC)
- CHANNEL 7 (ABC)

The District will continue to utilize its *Emergency E-mail Notification System* and will also post an informational banner on the *Home Page of the District Web* page, www.sbschools.org.

Later this Fall, the District will implement a new communication tool called, the Automated Dialer System. This new automated system will alert parents and families to changes in our regular school schedule due to emergency/inclement weather via telephone in a matter of minutes. Information was sent to all parents at the end of September. If you have not received notification about this new service, please contact the Main Office.
