Summer Camp Policies and Procedures

• The online registration system requires full payment at the time of registration for all camps. Mastercard and Visa are accepted.

• Early Bird Discounts. An early bird discount of $25 for each 2 week session of BASE Camp and Camp 678 is applied if you register before April 1, 2019. An early bird discount of $10 for some 2 week Enrichment Camps, $5 for each 1 week Sports Camp and $5 for Kindergarten Prep is applied if you register before April 1, 2019.

• The registration deadline for all camps is at 8 AM, 1 week before the camp begins or earlier if camp fills up. Example: If camp begins Monday, July 22, registration ends Monday, July 15 at 8 AM.

• Once the registration deadline passes, you will NOT be able to register online.

• Refund Policy for Camp Withdrawals
  • Written notification required for all withdrawals.
  Before June 1 – Elementary BASE & Middle School Camp 678: Tuition is 100% refundable, minus the withdrawal fee of $50 per session and the $50 non-refundable registration fee.
  Before June 1 – Enrichment and Sports Camps: Tuition is 100% refundable, minus the withdrawal fee of $25 per camp.
  Between June 1 and 2 weeks before any camp begins: Tuition is 50% refundable. The $50 registration fee for BASE Camp or Camp 678 is non-refundable. Example: If camp begins Monday, July 8, the refund request must be received by Monday, June 24.
  During the 2 weeks prior to any camp start date: Tuition is non-refundable. Example: If camp begins Monday, July 8, and we are notified on or after Tuesday, June 25, there is no refund.
  • Switching camps is considered a withdrawal.
  • Medical withdrawals will be considered only when it is the registered camper that is ill or injured.

• Confirmations and Receipts. Payment receipts are automatically emailed upon enrollment. A detailed confirmation letter will be emailed about 5 days before each camp starts. To avoid these emails from going into your spam folder, add program.registration@sbsparents.org and info@communitypass.net to your contact list.

Lunch Program for BASE, Camp 678, & Full Day Enrichment Camps
Chartwells Dining Services, the same company the school district uses for lunch during the school year, will provide lunch at no additional cost for all students who attend BASE, Camp 678, or combine an AM & PM Enrichment Camp. Students can choose from a hot meal, sandwich, salad or vegetarian option each day. Menus for each camp session will be included in the detailed confirmation letter you will receive via email about 5 days before each camp session starts. For more information on lunch, contact Michele Armstrong, Director of Chartwells Dining Services, at Michele.Armstrong@compass-usa.com. Parents can opt not to participate and send in a bag lunch with their child.

Sliding scale tuition for South Brunswick residents only.
We offer a limited amount of tuition assistance to eligible South Brunswick families based on household income and family size. Priority for assistance is given to current Community Education Before & After School families. (Please note that the State Childcare Subsidy program does not cover the entire cost of camp. Families are required to contribute towards the difference between the state subsidy and the cost of the program.) To qualify for assistance for full day camps, all adults eligible to work in the household must be employed. Assistance is not available for all camps. The deadline for forms and supporting documents, including State Subsidy forms, is April 1*. After this date, assistance may not be available. Visit the website http://www.sbschools.org/community_ed/tuitionassistance.php or email Maria.Chavkin@sbschools.org for registration and application details.

*The Tuition Assistance deadline for Jump Start into South Brunswick Kindergarten is June 30.

Give your child a fun-filled full day camp experience right here in South Brunswick!

Amanda Kestyus, Coordinator
BASE Camp is designed for elementary school children. There are a wide variety of weekly themed activities planned for campers, as well as a mixture of interest-based clubs and activities. Campers participate in many engaging activities and new experiences, while making new friends, learning, and having a FUN summer at camp!

Some things we enjoyed last year were:
• Hands-on science
• STEM challenges
• Water games
• Camp ice cream truck
• Dance off
• BASE Camp olympics
• Talent show
• Painting & Jewelry-making
• Reading with Max the Dog
• Scavenger hunts
• Indoor and outdoor competitive games
• Music activities
• Weekly field trips

Craig Botnick, Coordinator
Camp 678 is designed specifically to meet the needs of middle school students. Each week campers are given a menu of theme-based activities and projects. By making choices based on their own interests, campers build lasting friendships, develop leadership qualities, build self-esteem, and most importantly, have fun!

Some things we enjoyed last year were:
• Escape room challenges
• Indoor and outdoor sports
• Painting and Crafts
• STEM challenges
• Summer Sparks Enrichment Program
• Tie-dye projects
• Themed art projects
• Water games
• Bridge Center
• Weekly field trips

For information on the LIT (Leadership Training Program) for select students entering grade 10, please see page 21.

Other great features of our safe, secure and fun day camps are:
• Great Value! Drop off between 7-9 am & pick-up between 4-6 pm included!
• A unique mix of educational and recreational programming with structured activities between 9 am-4 pm.
• Experienced staff of teachers, college students, and select high school students. A Nurse or EMT is available.
• Hot or cold lunch included, plus morning and afternoon snacks. See page 2 for details on the lunch program.

**August 19–23**  
**Tuition: $305**

Drop off 7–8:45 am, Pick up 4:15–6 pm at Monmouth Junction School

_Craig Botnick, Coordinator_

Each day, your child will be on a trip from approximately 9:00 AM to 4:00 PM. In previous years, our students had a great time at Funplex, Jenkinson’s Aquarium, Liberty Science Center, Sahara Sams’s Water Park and Blackbeard’s Cave Family Entertainment Center.

Students are separated into different age/grade groups throughout the day. This includes at the field trip location, on the buses and at the school. Transportation and entrance fees are included in the tuition.

- Neither the Early Bird Discount nor Tuition Assistance is available for Travel Camp.
- Children must bring a bag lunch from home each day. Snacks provided.

_Travel Camp is open to children participating in BASE Camp, Camp 678 or Enrichment Camps._

If your child is enrolled in BASE or Camp 678, you need to register online.

If your child is enrolled in an Enrichment Camp, contact the Community Ed. Office 732-297-7800 x3148 to register.

Viking Soccer Camps
Boys entering Gr. 2–10 & Girls entering Gr. 2–8

Whether your child is trying out for their middle or high school teams, preparing for their recreation season, or beginning to learn the sport, these camps will provide a week of fun and learning! Campers will learn dribble moves, shooting and passing techniques, the proper way to play defense, and how to communicate effectively. We will play full sided and small sided games everyday, in addition to having contests such as a penalty kick shootout and juggling. Players are grouped by ability, age, and size. Join us for a week of fun learning experience playing soccer.

Chris Hayston, Boys Director

Chris Hayston has been the boys Varsity soccer coach at SBHS since 2003. During the time, Coach Hayston has had over 30 players play college soccer with 8 at the Division 1 level. We have been to 9 GMC county finals during that time winning in 2009 and 2015.

For Boys Soccer program information,

Gymnastics Camp
Boys & Girls entering Gr. 2–6

Stefanie Shoro, Director

Stefanie Shoro is entering her 8th year as head coach for the SBHS Gymnastics team and 10th year as camp director. She is also the former head coach of the Crossroads Gymnastics team. She is joined by fellow coaches, teachers, and members of the SBHS Gymnastics team.

Children will work at their own level of ability – beginner, intermediate or advanced – to gain coordination, flexibility, agility, strength, balance and self-confidence in a positive and safe environment. Children learn and practice skills, techniques and fundamentals on four events - vault, uneven bars, floor exercise and balance beam. The staff to camper ratio for gymnastics camp is 1:4 to ensure lots of individual attention and practice time in a safe environment.

Leotard and shorts required. Bring water and a snack.

For specific program information,
email Stefanie.Shoro@sbschools.org

Weeks: July 8–12, July 15–19
Time: 9:00 am–12:00 pm

Boys entering Gr. 2–10 & Girls entering Gr. 2–8

Viking Gymnastics
Girls entering Gr. 6–12

Heidi Henning, Director

Heidi Henning is entering her 7th year as assistant coach for the SBHS Gymnastics team and 7th year being involved in the gymnastics summer camps. She is also a coach for the New Jersey High School National Gymnastics team. She is joined by fellow coaches, teachers, and members of the SBHS Gymnastics team.

Campers will be divided into three levels. The basic level will include learning new skills, techniques and fundamentals for students who have little experience in gymnastics. The intermediate level is geared towards campers who have mastered basic skills (ex: cartwheel on beam, back walkovers on floor, etc.) and techniques. The advanced level is designed for campers who have mastered all basic and intermediate skills and techniques, and will prepare gymnasts for the upcoming Varsity season or competitions by advancing their skill level. Daily activities include practicing and maintaining new skills, techniques, fundamentals, choreography, and reviewing the NJSIAA rule book.

Leotard and shorts required. Bring water and a snack.

For specific program information,

**Speed & Agility Camp**

Boys & Girls entering Gr. 2–5

Heather Wells, Director
Join Heather Wells, a Health & Physical Ed. teacher, for this exciting camp! Speed and agility training enhances children’s physical development, dexterity, and fine motor skills. Agility, as defined by the National Strength and Conditioning Association, is the ability to change directions and gain speed without losing control. It is directly related to speed, balance, and coordination. Speed and agility training enhances athleticism and makes your child better suited, and more capable of participating in athletic activity and sports. Sport participation promotes an appreciation for health and exercise, a sense of self-worth and interaction in a teamwork setting. Children will participate in various games and activities while improving their physical fitness, spatial awareness, and sports confidence.

For program info., email Heather.Wells@sbschools.org

Weeks: July 15–19, July 22–26
Time: 9:00 am–12:00 pm

Just for Children Entering Kindergarten
Children must be entering Kindergarten and be 5 years old by October 31, 2019 to sign up.

Kinder Fun
Joan Kee-Louie, Coordinator
What can Kinder Fun do for your child? Kinder Fun provides a rich introduction to school for your incoming kindergartner. Aligned to the South Brunswick School District curriculum and Common Core State Standards, your child will be actively involved in a child-centered, literature-based program. Big books, theme oriented picture books, math manipulatives, arts and crafts, songs, poems, outdoor play time and cooperative games are all a part of the Kinder Fun environment. The structure of the program will allow for ample opportunity for your child to interact with others helping to foster his/her social skills. Get ready to have fun and make new friends.

Joan Kee-Louie teaches Kindergarten at Dayton School.

2 week session: July 22–August 2
Time: 1:00 pm–4:00 pm
Tuition: $295
Site: Greenbrook School

Math & Reading Intro.
Karen Madden, Coordinator
The first day of Kindergarten will be here before you know it. This camp will help prepare your child for the ABC’s and 123’s of the first year of school. Fun math and reading readiness activities will teach your incoming kindergartener what he or she needs to know to succeed! Daily activities include big books, picture books, math manipulatives, arts and crafts, songs, poems, outdoor play time and cooperative games to foster his or her social skills.

Karen Madden teaches at Indian Fields School.

2 week session: July 8–19
Time: 9:00 am–12:00 pm
Tuition: $245
Site: Greenbrook School

Kinder Fit
Linda Ellison, Coordinator
If you love indoor and outdoor games that will keep your body moving and energized, come be a part of our Kinder Fit program. Learn to be a team player while having lots of fun. There will be relay races, volleyball, scooter races and various other games. We will have a snack and then return to the fun, so don’t just sit around this summer, come check out what we have planned!

Linda Ellison is an experienced SBSD paraprofessional.

2 week session: July 8–19
Time: 1:00 pm–4:00 pm
Tuition: $245
Site: Greenbrook School

Math Through Movement
Nicole Ruggiero, Coordinator
Learn math through creative movement! Each day we will begin with a simple math problem, incorporating movement to help find the answer. The children will explore different ways to move their bodies by creating geometric shapes such as a triangle, circle, square or line. By the end of week one, they will have created a shape inspired solo dance. In week two, the focus will be on adding and subtracting, as they create a duet by adding another dancer to their solo, a trio by adding two more people, working towards a group dance. A final performance for parents will show how adding and subtracting dancers while using shape inspired movement can create a full dance concert. Get ready to learn math skills and move bodies!

Nicole Ruggiero, an elementary teacher in Franklin Twp., has been dancing for 20 years and teaches dance.

2 week session: August 5-16
Time: 9:00 am–12:00 pm

Fiction Fanatics & Fun – NEW!
Joan Kee-Louie, Coordinator
Join us as we explore different adventures by reading fictional books by authors Eric Carle, Lio Lionni, Mo Willems, and Joy Cowley. We will meet engaging characters such as Brown Bear, Swimmy, Elephant and Piggie, and Mrs. Wishy Washy. The focus will be on listening to stories and exploring the storylines; participating in drawing and writing activities; arts and crafts related to the stories; hands on projects retelling the stories; and using emergent readers that center on similar themes. Get ready to enjoy “traveling” into a world of fun-filled places with funny characters.

Jump Start Into South Brunswick Kindergarten

Get an introduction to Kindergarten in your child’s school!**

This highly successful program is in its 19th year! **Children must be registered for Kindergarten at a South Brunswick Public School.**

**Children who attend this program do so at the school they will attend in September 2019.** By enrolling your child, you are affording him/her the opportunity to engage in kindergarten activities under the guidance of an early childhood teacher. Children will get to know the school, learn important school and classroom routines, enjoy books, participate in social games, and take part in a variety of hands-on activities with other kindergarten children who will be in their school and might even be in their new classroom. A real plus for any child!

1 week session: August 19–23
Tuition: $150

ENRICHMENT

Yoga & Fitness Studio

Entering Gr. 1–2

New!

Chandan Patel, Coordinator

Get healthy and strong with energizing and fun exercises! Improve balance, coordination and stamina. Children will enjoy a nurturing, supportive, non-competitive atmosphere, will stretch, strengthen and energize their bodies and minds. They will learn and practice breathing techniques, Yoga poses, relaxation techniques, and stress management tools for kids. Children will also play some yoga games & activities designed especially for children and have loads of fun!

Chandan Patel is an experienced SBSD paraprofessional.

2 week session: July 8–19
Tuition: $245
Time: 9:00 am-12:00 pm
Site: Greenbrook School

Afternoon Adventures!

Entering Gr. K–5

Steven Jeffries, Coordinator

Students will participate in exciting activities each day from cool science experiments to arts & crafts and paintings. Create masterpieces with sand, cook up tasty treats, listen to music, try a new computer game, read a new book with a buddy, learn different playground games, play group games in the gym and more! A great trip is planned each Friday!

Steven Jeffries is an experienced SBSD paraprofessional.

2 week sessions: July 22–Aug. 2, Aug.5–16
Tuition: $245

Jr. Chef

Entering Gr. 1–2

Neither the Early Registration Discount nor Tuition Assistance is available for Jr. Chef.

Week 1: Tasty Treats
Put on your chef hats and aprons for this fun camp! Learn hands-on preparation of 2-3 recipes, basic instruction on cooking and baking techniques, proper food handling, food preparation and presentation & kitchen safety. Make treats such as Swiss roll, caramel snickers cookies cups, brownie bumps and sweet & salty pretzel cakes.

Week 2: Baking Boot Camp
Campers will learn about measurements and equivalents as they bake. Using basic techniques like folding, whisking, and rolling, campers will bake items such as biscuits, muffins, cupcakes, fruit tarts, and homemade cheese crackers.

Picture recipes for all menus will be given at the end of camp.

2 week session: August 5–16
Tuition: $350
Time: 9:00 am-12:00 pm
Site: Greenbrook School

Before registering for a cooking camp, please take into consideration any food allergies or dietary restrictions your child may have.
LeaderKid Academy

Leadership & Social Skills Boot Camp
In this fun-filled camp, children learn age appropriate cognitive and non-cognitive strategies to succeed in life by being an emotionally intelligent leader who can communicate with ease.

Week 1: Learn about leadership, mindfulness, emotional & cultural intelligence, and ethical mindset in a fun, collaborative and engaging environment. Practice the art of introduction, mindful meditation, and sharpen communication skills through structured collaborative activities, visual media, games, role-plays, and Socratic conversations.

Week 2: Learn about collaboration, perseverance, hard work, and grit. Learn that it’s okay to fail but it’s important to keep trying and to not give up. Practice communication strategies and presentation skills (verbal & non-verbal, body language, tone, voice, pitch, planning and presenting to an audience) to be an effective and assertive leader. During the last session, kids will present their learned competencies. Each child receives a LeaderKid Academy “Buddy” (plush toy used for Meditation), LeaderKid Academy T-shirt, motivational achievement goodies, lesson summaries and a completion certificate.

Grade 1-2 2 week session: July 8-19 Time: 1–4 pm Tuition: $375
Grade 3-5 2 week session: July 22-August 2 Time: 9 am–12 pm Tuition: $375

AlphaBEST

Jr. Robotics Discovery - Creature Craze
Join Elisa the Honey Bee as she leads students in a journey of discovery through Creature Craze, this year’s first LEGO® League Jr. global challenge. Campers will explore an animal habitat and use engineering concepts to build an inspired LEGO® model. Young robotics engineers will hone their computer programming skills by completing a series of coding challenges with our loveable floor robots, Bee-Bot and Blue-Bot.

Grades 1–2 Tuition: $410
2 week session: July 8–19 Time: 1:00 pm–4:00 pm

Engineering Discovery & Robotics
Experience LEGO® building and engineering challenges that come to life. Start off by building cranes, windmills, and vehicles. Then, bring them to life with the addition of motors, gears, and generators. Take it to the next level by adding computer-automated robotics and program robots to perform prescribed functions. After exploring several African animal habitats, you will build and program LEGO® robot models of animals you’ve encountered! Power your giraffes, lions, gorillas, and parrots with motors, gears, pulleys, and sensors. Bring your robots to “life” with drag-and-drop program code, and then take your programming skills to the next level with Scratch!

Grades 3–5 Tuition: $410
2 week session: July 8–19 Time: 9:00 am–12:00 pm

## Magic Beans and other Twisted Fairy Tales  
**Gr. K**  
From Jack and the Beanstalk to the golden touch of King Midas, fairy tales have always engaged and captured imaginations. In this camp, exotic, far-away lands, magical powers and the eternal theme of good versus evil come to life in thrilling engineering, language arts and collaborative communication challenges. Inside the world of princesses and wizards, campers boost fluency, vocabulary and comprehension as they act out different folktales. Engaging in manipulative-based engineering activities, they’ll work together to build the characters and stage props needed throughout camp. Every day, sprinkle in some imagination, a handful of magic and let fiction fly.

## Junior Pirate’s Academy  
**Gr. 1–2**  
From land-lubber to swash-buckler, it’s the pirate’s life for me! Cast-off into the seven seas as campers work together to navigate its treacherous depths, engaging in STEM focused experiments, hands-on design trials and engaging group discussions. Set the scene each day with exciting stories that engage their senses, curiosity and critical thinking skills. Then, the merry bunch of misfits works together with the rest of their crew to accomplish challenging tasks like forging catapults, tying knots and fashioning maps to hidden treasure! Action, adventure and discovery await at every turn!

## Making Waves: Ocean Exploration & Robotics: Ocean Missions  
**Gr. 3–5**  
Week 1: Campers use the engineering design process to design, create, test, and refine several types of marine based devices and vehicles. Construct working prototypes that teach and reinforce the concepts of above water transportation, underwater exploration, and harnessing the power of water. Discover the physical and geological sciences that underpin all ocean life like density, buoyancy, heat transfer, plate tectonics and the water cycle.  

**Week 2:** A robot is a device that is designed and programmed to perform a task either autonomously or with human input. The challenge facing robotics engineers is that the robot knows only what is written into the program. The design of the robot must also be capable of performing the task at hand. Through this LEGO® Robotics camp, students are taught about the building and programming aspects of robotics as it relates to real-world issues in ocean exploration while having fun using the popular LEGO® Mindstorms Robotic System.

## Engineering of Cities & Galactic Crafting  
**Gr. 3–5**  
**Week 1:** Cities are incredible feats of engineering. Campers will take up the role of a team of city planners, looking to design the best city in the world from the ground up. They will explore civil, electrical, industrial, and environmental engineering and learn about energy production, water filtration, and building structures.  

**Week 2:** Campers will be immersed in aerospace and civil engineering, and the design of extraterrestrial building and structures. Using a modified version of Minecraft, campers will be challenged to design and build a self-sustaining habitat for themselves on the moon. Using the engineering design process, they will work through a simulated version of the challenges of space travel in the relatively familiar setting of Minecraft.

## Architecture Around the World & Amazing Race: Engineering of Travel  
**Gr. 3–5**  
**Week 1:** From walls and arches to post-and-lintel buildings, we will use BrickLAB bricks to construct structures and learn how similar design elements evolved at the same time in different parts of the world. Discover and replicate some of the most famous structures in history while learning how different societies tackled the stylistic, artful and structural considerations of architecture.  

**Week 2:** 111 years ago airplanes had not even made their first flight, yet today we can fly to the other side of the world in 12 hours thanks to advances in technology. Over the next five days, teams will have to work together to see who is able to travel the farthest around the world. This trek around the world will require campers to design their very own boat, plane, and even a rocket!

**Mad Science!**

*Neither the Early Bird Discount nor Tuition Assistance is available for Mad Science. For students to be successful in this camp, students must be able to attend to task, follow multi-step directions, and work independently and in small groups.*

Entering Grades 1–5  |  Greenbrook School

**NASA and Journey to Outer Space & Beyond**  
Gr. 1–2 & Gr. 3–5

Mad Science has teamed up with NASA in a quest for exploration! We’ll take a voyage of discovery into the atmosphere and beyond as we explore planets, moons, and other space phenomena in our solar system. Things will heat up as we examine the sun and other stars and discover the difficulties of space travel! Kids will get a firsthand experience of the challenges of living in space as they try to assemble a satellite while training to be an astronaut. Kids will build their own rocket, and participate in a real “NASA” style rocket launch. Campers will have lots of projects to make and many cool NASA take homes, including a gravity assisted launcher, a Shuttle Copter, and more! Mad Science is the ONLY organization licensed by NASA to use these activities for summer camps.

- 2 week session: July 8–19 for entering Gr. 1–2  
  Time: 9:00 am-12:00 pm  
  Tuition: $410
- 2 week session: July 22–August 2 for entering Gr. 3–5

**CRAYOLA®: Artist’s Passport to a World of Design**  
Gr. 3–5

Embark on an around-the-world cultural adventure! Explore far-off places and learn about the people who live there, from the Americas to Polynesia, from the cosmopolitan to the countryside. Experiment with Crayola® products, while trying art techniques developed by local artists and artisans. Travel the globe and stop on a different continent each day and learn all about their Arts & Culture. Make different masterpieces each week such as drums, masks, canvases, prints, buses, and more! Bring the unique creations home and build a globally-inspired art gallery. Take a journey to the farthest reaches of the imagination while learning about the rainforest, Hollywood, the ocean, Mars, and a futuristic city! Discover design careers including graphic design, fashion design, board game design, and architectural and urban design. Stretch your imagination and creativity as we travel around the world and universe in this remarkable camp!

- 2 week session: July 22–August 2  
  Time: 9:00 am-12:00 pm  
  Tuition: $410

**CSI: Forensics & Crazy Chemistry**  
Gr. 1–2

Mad Science brings awe-inspiring experiments paired with thought-provoking detective work to campers, nurturing scientific interests and evoking fascination. Learn about chemical reactions as they grow crystals, create sidewalk chalk from scratch, and design chromatography t-shirts to take home. Mix potion, create incredible reactions that will be a total BLAST! Become trained science sleuths as they investigate the role of chemistry at the scene of a crime. Identify and collect evidence, from fingerprints to tracks to trash! Recreate the scene of a crime using clues and detailed observations. Use science to connect the dots and help sniff out the suspects. Finally the kids will put all of their new knowledge and forensic chemistry to solve a “Who Dunnit” Mystery!

- 2 week session: July 8–19  
  Time: 1:00 pm-4:00 pm  
  Tuition: $410

**Slimy Science & Rocking Rockets**  
Gr. 1–2

Dive into a variety of scientific fields as you mix and stretch silly putty and slime, copperplate nickels, and investigate the mysteries of optical illusions. Become captivated by lasers, dry ice, watch hair-raising Van de Graaff experiments, help solve a mystery, and so much more! Tinker with circuits, catapults, and experience what happens when you mix science and fun! Mini Mad Scientists will delve into a multitude of scientific subjects as they learn about the Earth and its animal inhabitants, simple machines, rocketry, flight, and chemical reactions; there’s something for everyone! Investigate the layers of the Earth, build and race a car, construct a rocket, create animal tracks, build a bug house, and grow your very own crystal gardens to take home!

- 2 week session: August 5–16  
  Time: 1:00 pm-4:00 pm  
  Tuition: $410

Bricks 4 Kidz®!

Bricks 4 Kidz®, which teaches the principles of STEM using LEGO® components. All campers bring home a custom mini-figure and mini-model at the end of camp.

Neither the Early Bird Discount nor Tuition Assistance is available for Bricks 4 Kidz®.
For students to be successful in this camp, students must be able to attend to task, follow multi-step directions, and work independently and in small groups.

Legoland Amusement Park and Pocket Brick Monsters (Pokémon)
Week 1: Delve into the history and mechanics of your favorite LEGO® amusement park rides. Construct a Tilt a Whirl, Loop de Loop ride, Swing boat ride and Merry Go Round. Learn how to make things spin, roll, turn and rock. Then, design your own thrills and challenges.
Week 2: Get ready for an adventure in the world of Pokémon®! Capture wild Pokémon® creatures and show off your skills as you battle for power in the Pokémon® universe. Tap into your inner engineer as we build Dratini, Pikachu, and more. Then, build a monster vacation house and Hotel Transylvania monster characters.

Grades: 1-2
Tuition: $410
2 week session: July 8–19
Time: 9 am–12 pm

Extreme Ninja with Fidget Spinner and Spectacular Sports
Week 1: Come play with all the new LEGO® Board Games & Ninjago characters! Make replicas of game boards like tic-tac-toe, famous video game characters & more. What game can you come up with? And, it comes along with the LEGO® Fidget Spinner.
Week 2: Explore sports ranging from gymnastics to biking, mini-golf to airplane acrobatics! This week is a great way to get kids building and get LEGO® fans interested in sports. The lessons describe the mechanics of the sport, such as the physics involved in golf, but the best part is the way the models move and the fun you’ll have playing with them after they’re built.

Grades: 1-2
Tuition: $410
2 week session: July 22–August 2
Time: 1 pm–4 pm

Incredible Super Heroes and Tantalizing Vehicles
Week 1: Explore all the caped crusaders and discover their super powers! Create a fantasy world and protect it against all the evil arch enemies with custom contraptions made with LEGO® Bricks. Use an electronic invention tool that connects everyday objects to computer programs with circuit boards, alligator clips and USB cables.
Week 2: If you like planes, trains and automobiles, then this is for you! Build motorized models of a car, an airplane and more. Follow step-by-step model plans to create a vehicle, then customize it to your own specifications and take your mini-figure for a ride! The best part is – the models are so much fun to play with! Don’t miss out!

Grades: 1-2
Tuition: $410
2 week session: August 5–16
Time: 9 am–12 pm

LEGO® Brick City Engineers & Circuits and Coding-Snatch & WeDo
Week 1: Let’s build a CITY! Put your engineering and architecture skills to work as you build city themed models using LEGO® Bricks. Have a blast using custom-built cars to move the people of the city all around town! Learn about circuits by using an electronic tool that connects everyday objects to computer programs with circuit boards.
Week 2: Bring LEGO® Bricks to life with coding! This week offers skill level progression of coding concepts as campers move through multiple levels from beginner to advanced. Build models with LEGO® Education’s WeDo or EV3, then control them with the codes you write.

Grades: 3-5
Tuition: $410
2 week session: July 8–19
Time: 1 pm–4 pm

Animal Brickology with Sensor Programming and Invention Convention
Week 1: Build a different animal model using LEGO® Bricks each day! Fill your own “Animal Brickology” booklet with crazy and cool facts about the animal kingdom, as we focus on a “creature of the day”. Learn to program your animal robots with sensors to do exactly what you want them to do.
Week 2: Learn how inventions solve problems, and how ideas are patented. Campers think of what they could invent, or what improvements they could make to an existing object to solve a problem, and then present his or her own LEGO® brick model design. Based on the show “Minute To Win It”, this camp is packed with fast-paced, fast-action building and friendly competition.

Grades: 3-5
Tuition: $410
2 week session: July 22–August 2
Time: 9 am–12 pm

All Enrichment Camps have limited enrollment. Register Early for best selection.
Keep learning throughout the summer in a fun, project-based learning environment! Join South Brunswick teachers and staff as they integrate writing with reading and math in many engaging activities.

**Children entering Grade 1 must be 6 years old by October 31, 2019 to sign up for this camp.**

### Reading/Writing

**July 22–August 2**  
**Kelly Iadarola, Teacher at Brooks Crossing**
This camp gives your child the opportunity to read and write everything non-fiction. We will study the characteristics of many non-fiction texts, and gain new information on many different topics ranging from animals and plants to geography, space and our community. Your child will become an “author” as they work through the writing process to create their own non-fiction stories.

**August 5–16**  
**Jessica Griffin, Teacher at Greenbrook**
Have you ever read books by Eric Carle or Robert Munsch? Do you know what makes different authors’ books unique? In this camp, we’ll read fun books and write our own books using the author’s style! We will create illustrations using fun art techniques for our books! Come be a “real” author!

**July 22–August 2**  
**Beth Nebenhaus, Teacher at Brooks Crossing**
Become a Greek Mythology expert!. Each day we will read a different myth and explore the characters, themes, and lessons learned. Then, students will write their own Greek myths. They will also act out some myths and have the chance to create their own myth to act out in a play.

**August 5–16**  
**Courtney Franzyshen, Teacher at Brooks Crossing**
Let’s read the novel, The Lemonade Wars! Together, we will complete novel-based activities, such as getting to know the characters, and comprehending the plot, We will also do other, fun, lemonade-related activities, like making our own lemonade and planning how to make a profitable lemonade stand.

### Mathematics

**July 22–August 2**  
**Liza Geddis, Teacher at Brooks Crossing**
Do you like playing games? You will have so much fun playing independent and partner games you won’t even know you are reinforcing basic math skills. Practice number sense, adding, subtracting and more! You will even get to take a packet of games home so you can play all summer long!!

**August 5–16**  
**Jennifer Durkin, Teacher at Brooks Crossing**
Join the lemonade escapade as we research, plan and run a lemonade stand! We’ll use measurement as we create a recipe for the perfect glass of lemonade. We’ll work with money as we think about cost, and do some estimating as we plan our lemonade stand. This will be the perfect blend of business, teamwork and delicious treats!

**July 22–August 2**  
**Mark Katzenbach, Teacher at Constable**
Join us for a hands-on experience, where math and games collide to provide fun and learning all in one camp! Campers will review key math concepts and develop problem-solving skills while building friendships and developing their communication skills. The session will end with campers creating their very own math games!

**August 5–16**  
**Beth Nebenhaus, Teacher at Brooks Crossing**
Did you ever wonder how parties or trips get planned? How businesses get started? Did you know that there is a great deal of math that goes into planning these things. Plan different events and businesses such as starting a zoo, planning a party or a road trip. Create your own event and create a presentation using real information and pricing that you will research.

### Combine Reading or Math with a morning Enrichment Camp for a Full Day of Learning & Fun! Hot or Cold Lunch Included!

The Jr. Chef Culinary Arts Program aims to cater to current trends in the cooking world to motivate a camper’s interest. Recipes will be given to students to take home, so they can continue to improve their skills.

Before registering for a cooking camp, please take into consideration any food allergies or dietary restrictions your child may have.

Neither the Early Bird Discount nor Tuition Assistance is available for Jr. Chef.

### Intermediate Jr. Chef
**Gr. 3-5**

**Week 1: Multi-Cuisine** Campers will cook a wide variety of delicious recipes based on 5 countries. There will be Chinese (spring vegetable pot stickers & noodles), Thai & Vietnamese (mango stuffed sticky rice & Vietnamese fresh spring roll), Indian (aloog paratha & paneer tikka masala), Italian (homemade potato gnocchi & pizza) and Mexican (enchilada-inspired stuffed shells & flauta ring).

**Week 2: Snack Attack** Let’s push the limits on the snack concept and prepare a variety of wholesome, delicious, and unique nibbles. Campers will prepare bite-sized munchies such as potato fries, BBQ chicken, giant multi-flavored cookies, homemade granola bars, and butter lava cake.

2 week session: August 5-16
Site: Greenbrook School
Time: 1 pm–4 pm
Tuition: $350

### Advanced Jr. Chef
**Gr. 6-8**

**Week 1: Advanced Culinary Camp** Build on your existing skills, expand your taste range, become less recipe-dependent and more creative. Campers will gain confidence to cook for family and friends. Learn to make items such as bonbon cookies, 3 cheese stuffed pasta shells, carrot cakes, cinnamon rolls, homemade pizza from scratch and pizza sauce.

**Week 2: Restaurant Remakes** Does your child have a favorite restaurant? Are they always requesting lettuce wraps from one place and BBQ chicken wings from another? Let’s take a trip down the take out lane without leaving the house. Learn to make dishes such as tasty chicken quesadillas, BBQ chicken, minestrone soup, Chinese noodles, Alfredo, spinach & artichoke dip, and Italian pineapple trifle.

2 week session: July 8-19
Site: Crossroads North Middle School
Time: 1:15–4:15 pm
Tuition: $350

Leadership Training Program for Select Students Entering Grade 10

We offer a Leadership Training Program for a small group of students who are going into the 10th grade. Students will assist counselors and junior counselors with BASE camp activities. This is a great opportunity to gain valuable experience working with young children.

Students need to complete an application at least two weeks before a camp session begins, provide references and be interviewed as part of the selection process. Apply for one, two or all three sessions: July 8-19, July 22-August 2, August 5-16. Preference is given to former Day Campers and SBHS students. The cost is $245 for each 10 day session from 9 am–4 pm, with the option of coming to before and/or after camp at no additional cost. If selected, payment is due within 2 weeks. For more information, email Sheila.Barry@sbschools.org

STEM: Coding and More
Entering Grades 6–9

Tim Sweeney, Coordinator
The demand for talented coders, computer programmers, engineers, designers and creative minds continues to increase. In the fast-paced, technologically driven world in which we live, young minds need to develop the important thinking skills STEM provides. This camp will focus on the core principles, while helping students develop vital critical thinking and problem solving skills with a hands-on approach to learning. Using a project based curriculum, campers will explore areas such as technology education, coding, electronics, transportation, design and problem solving, among others. You will have a fun time exploring, designing and creating.

Tim Sweeney, teaches at South Brunswick High School. His expertise is in Technology Education & Engineering.

Guitar Workshop
Entering Grades 6–8
Matt Piszko, Coordinator
Join us for a jam packed experience! Students will work in groups at their own skill level. Beginners with less than 6 months of experience will learn how to properly hold the instrument, learn the notes on all 6 strings, play basic beginning chords, start reading notes and tablature and play some easy guitar riffs. Intermediate to advanced students will have the opportunity to learn and perform alone and in a group ensemble at their own level of proficiency. Campers will explore playing in different styles, position playing, advanced chord forms, scales, soloing and improvisational theory and techniques, and reading in several styles. Even though this will be a learning experience, the emphasis will be on having a fun music-filled camp. Bring your guitar!

Matthew Piszko teaches music at Cambridge and Indian Fields Schools.

2 week session: August 5–16
Time: 9:15 am–12:15 pm
Tuition: $265

**Golf: Adults & Teens**

High school students are permitted to register when a parent also registers to attend.

It’s almost like private lessons! Only 8 students per class! Join Ray Cavicchio, a golf teaching professional with many years of experience, including work with LPGA and PGA Tour Professionals. Class meets rain or shine! Beginner golfers start learning while those with some experience improve their game. Learn the simple “secrets” of striking the ball for distance and accuracy, along with chipping, pitching and putting. If possible, bring a 7 or 8 iron. Purchase a bucket of golf balls at each class. Total cost for balls will be apx. $35 for course. No senior discount. Held at Raritan Golf Range, 101 Orlando Drive, Raritan off Route 206 just south of the Somerville Circle where Routes 202, 206 & 28 meet.
