Please Follow the Online Registration Procedure Carefully!
All camps have FIRM registration deadlines! See page 2. Once the deadline has passed, you will not be able to register online. Please have your brochure handy when you log on.

• For current South Brunswick Public School (SBPS) students and students who are entering SBPS in September 2018
1. Go to the website https://register.communitypass.net
2. Enter the community “South Brunswick Community Education Summer Programs, Tennis and Adult School “ and hit continue.
3. Log into your Community Pass account that the school district has set up for you. If you forgot your username/password, click on the option “Forgot your username or password “ and follow the directions to retrieve your information. If you have never used your school district Community Pass account or your family will be new to SBPS in September 2018, please email program.registration@sbparents.org with parents’ full names, your child’s full name, school they will attend, home address and the best phone number to reach you during business hours or call Community Education at 732-297-7800 x3148 so we can set up your account properly.

DO NOT CREATE A NEW ACCOUNT!
DO NOT USE AN ACCOUNT YOU HAVE WITH A DIFFERENT ORGANIZATION!

South Brunswick families applying for Tuition Assistance must register online after receiving pre-approval from Maria Chavkin. Please email Maria.Chavkin@sbschools.org and visit the website http://www.sbschools.org/community_ed/tuitionassistance.php for detailed instructions.

• For students that attend other private or public schools
1. Go to the website https://register.communitypass.net
2. Enter the community “South Brunswick Community Education Summer Programs, Tennis and Adult School “ and hit continue.
3. If you have a Community Pass account with any organization, you may use that username and password and log in. If you have never used Community Pass before, you will need to hit the link “Create an Account Now” and follow the directions.

Summer Camp Policies and Procedures

• The online registration system requires full payment at the time of registration for all camps. Mastercard and Visa are accepted.

• Early Bird Discounts. An early bird discount of $25 for each 2 week session of BASE Camp and Camp 678 is applied if you register before April 17, 2018. An early bird discount of $10 for some 2 week Enrichment Camps, $5 for each 1 week Sports Camp and $5 for Kindergarten Prep is applied if you register before April 17, 2018.

• The registration deadline for all camps is at 12 Noon, 1 week before the camp begins or earlier if camp fills up. Example: If camp begins Monday, July 23, registration ends Monday, July 16 at 12 Noon.

• Once the registration deadline passes, you will NOT be able to register online.

• Refund Policy for Camp Withdrawals
  • Written notification required for all withdrawals.
  Before June 1 – Elementary BASE & Middle School Camp 678: Tuition is 100% refundable, minus the withdrawal fee of $50 per session and the $50 non-refundable registration fee.
  Before June 1 – Enrichment and Sports Camps: Tuition is 100% refundable, minus the withdrawal fee of $25 per camp.
  Between June 1 and 3 weeks before any camp begins: Tuition is 50% refundable. The $50 registration fee for BASE Camp or Camp 678 is non-refundable. Example: If camp begins Monday, July 9, the refund request must be received by Monday, June 18.
  During the 3 weeks prior to any camp start date: Tuition is non-refundable. Example: If camp begins Monday, July 9, and we are notified on or after Tuesday, June 19, there is no refund.
  • Switching camps or sessions will be considered up to 2 weeks before the start date of the camp you originally registered for. The corresponding withdrawal fee stated above will be applied. Example: Request to switch from a camp starting Monday, July 9 to a camp starting Monday, July 23 must be received by Monday, June 25.

• Confirmations and Receipts. Payment receipts are automatically emailed upon enrollment. A detailed confirmation letter will be emailed about 5 days before each camp starts. To avoid these emails from going into your spam folder, add program.registration@sbsparents.org and info@communitypass.net to your contact list.

  Lunch Program for BASE, Camp 678, & Full Day Enrichment Camps
  Chartwells Dining Services, the same company the school district uses for lunch during the school year, will provide lunch at no additional cost for all students who attend BASE, Camp 678, or combine an AM & PM Enrichment Camp. Students can choose from a hot meal, sandwich, salad or vegetarian option each day. Menus for each camp session will be included in the detailed confirmation letter you will receive via email about 5 days before each camp session starts. For more information on lunch, contact Michele Armstrong, Director of Chartwells Dining Services, at Michele.Armstrong@compass-usa.com. Parents can opt not to participate and send in a bag lunch with their child.

  Sliding scale tuition for South Brunswick residents only.
  We offer a limited amount of tuition assistance to eligible South Brunswick families based on household income and family size. Priority for assistance is given to current Community Education Before & After School families. (Please note that the State Childcare Subsidy program does not cover the entire cost of camp. Families are required to contribute towards the difference between the state subsidy and the cost of the program.) To qualify for assistance for full day camps, all adults eligible to work in the household must be employed. Assistance is not available for all camps. The deadline for forms and supporting documents, including State Subsidy forms, is April 17*. After this date, assistance may not be available. Visit the website http://www.sbschools.org/community_ed/tuitionassistance.php or email Maria.Chavkin@sbschools.org for registration and application details.

  *The Tuition Assistance deadline for Jump Start into South Brunswick Kindergarten is June 30.
Give your child a fun-filled full day camp experience right here in South Brunswick!

Amanda Kestyus, Coordinator
BASE Camp is designed for elementary school children. There are a wide variety of weekly themed activities planned for campers, as well as a mixture of interest-based clubs and activities. Campers participate in many engaging activities and new experiences, while making new friends, learning, and having a FUN summer at camp!

Some things we enjoyed last year were:
- Hands-on science
- STEM challenges
- Water games
- Camp ice cream truck
- Dance off
- BASE Camp olympics
- Weekly field trips
- Talent show
- Painting
- Reading with Max the Dog
- Scavenger hunts
- Indoor and outdoor competitive games
- Jewelry-making

Jennifer Durkin, Coordinator
Camp 678 is designed specifically to meet the needs of middle school students. Each week campers are given a menu of theme-based activities and projects. By making choices based on their own interests, campers build lasting friendships, develop leadership qualities, build self-esteem, and most importantly, have fun!

Some things we enjoyed last year were:
- Agility course
- Bridge Center
- Escape room challenges
- Indoor and outdoor sports
- Painting and Crafts
- #sbrocks rock painting
- STEM challenges
- Summer Sparks Program
- Tie-dye projects
- Themed art projects
- Water games
- Weekly field trips

Other great features of our safe, secure and fun camps are:
- Great Value! Drop off between 7-9 am & pick-up between 4-6 pm included!
- A unique mix of educational and recreational programming with structured activities between 9 am-4 pm.
- Experienced staff of teachers, college students, and select high school students. A Nurse or EMT is available.
- Hot or cold lunch included, plus morning and afternoon snacks. See page 2 for details on the lunch program.

Speed & Agility Camp
NEW!
Boys & Girls entering Gr. 2–5

Victoria Porcelli, Director
Join Victoria Porcelli for this new exciting camp! Speed and agility training enhances children’s physical development, dexterity, and fine motor skills. Agility, as defined by the National Strength and Conditioning Association, is the ability to change directions and gain speed without losing control. It is directly related to speed, balance, and coordination. Speed and agility training enhances athleticism and makes your child better suited, and more capable of participating in athletic activity and sports. Sport participation promotes an appreciation for health and exercise, a sense of self-worth and interaction in a teamwork setting. Children will participate in various games and activities while improving their physical fitness, spatial awareness, and sports confidence.

For specific program information, email Victoria.Porcelli@sbschools.org

Jump Start Into South Brunswick Kindergarten
Children must be entering Kindergarten and be 5 years old by October 31, 2018 to sign up.

Kinder Fit
Linda Ellison, Coordinator
If you love indoor and outdoor games that will keep your body moving and energized, come be a part of our Kinder Fit program. Learn to be a team player while having lots of fun. There will be relay races, volleyball, scooter races and various other games. We will have a snack and then return to the fun, so don’t just sit around this summer, come check out what we have planned!

Linda Ellison is an experienced SBSD paraprofessional.

2 week session: July 9–20          Tuition: $240
Time: 1:00 pm–4:00 pm           Site: Brooks Crossing School

Math & Reading Intro.
Karen Madden, Coordinator
The first day of Kindergarten will be here before you know it. This camp will help prepare your child for the ABC’s and 123’s of the first year of school. Fun math and reading readiness activities will teach your incoming kindergartener what he or she needs to know to succeed! Daily activities include big books, picture books, math manipulatives, arts and crafts, songs, poems, outdoor play time and cooperative games to foster his or her social skills.

Karen Madden teaches at Indian Fields School.

2 week session: July 9–20          Tuition: $290
Time: 9:00 am–12:00 pm            Site: Brooks Crossing School

Math Through Movement
Nicole Ruggiero, Coordinator
Learn math through creative movement! Each day we will begin with a simple math problem, incorporating movement to help find the answer. The children will explore different ways to move their bodies by creating geometric shapes such as a triangle, circle, square or line. By the end of week one, they will have created a shape inspired solo dance. In week two, the focus will be on adding and subtracting, as they create a duet by adding another dancer to their solo, a trio by adding two more people, working towards a group dance. A final performance for parents will show how adding and subtracting dancers while using shape inspired movement can create a full dance concert. Get ready to learn math skills and move bodies!

Nicole Ruggiero, an elementary teacher in Franklin Twp., has been dancing for 20 years and teaches dance.

2 week session: August 6-17          Tuition: $240
Time: 9:00 am–12:00 pm         Site: Brooks Crossing School

Kinder Fun
Joan Kee-Louie, Coordinator
What can Kinder Fun do for your child? Kinder Fun provides a rich introduction to school for your incoming kindergartner. *Aligned to the South Brunswick School District curriculum and Common Core State Standards*, your child will be actively involved in a child-centered, literature-based program. Big books, theme oriented picture books, math manipulatives, arts and crafts, songs, poems, outdoor play time, and cooperative games are all a part of the Kinder Fun environment. The structure of the program will allow for ample opportunity for your child to interact with others helping to foster his/her social skills. Get ready to have fun and make new friends.

Joan Kee-Louie teaches Kindergarten at Dayton School.

2 week session: July 23–August 3          Tuition: $290
Time: 9:00 am–12:00 pm            Site: Brooks Crossing School

Jump Start Into South Brunswick Kindergarten
Get an introduction to Kindergarten in your child’s school!**

This highly successful program is in its 18th year! Children who attend this program do so at the school they will attend in September 2018. By enrolling your child, you are affording him/her the opportunity to engage in kindergarten activities under the guidance of an early childhood teacher. Children will get to know the school, learn important school and classroom routines, enjoy books, participate in social games, and take part in a variety of hands-on activities with other kindergarten children who will be in their school and might even be in their new classroom. A real plus for any child! **Children must be registered for Kindergarten at a South Brunswick Public School.

1 week session: August 20–24          Tuition: $145
Time: 9:00 am–12:00 pm            Site: Your Child’s SB School

For Children Entering Kindergarten

Children must be entering Kindergarten and be 5 years old by October 31, 2018 to sign up.

Neither the Early Registration Discount nor Tuition Assistance is available for Jr. Chef.

Basic Culinary Camp I  Entering Gr. K
Week 1: Can I Cook? Put on your chef hats and aprons! Learn to create some delicious snacks, delightful desserts and some meals (Ex: Easter bunny cookie, numbered snacks, mac and cheese, bear pancake, bread pizza). Kitchen safety will be our first lesson. There will be supervised exposure to the stove top, oven and knives. We will read some basic recipes and learn about measurements.

Week 2: Baking Basics! In this fun filled week, children will learn the basics of making delicious cakes, pastries, tarts and yummy savories that will leave the plates empty (Ex: chocolate brownie, macaroons, animals nuggets, baked french fries). Learn about measuring, mixing and some food science facts. Your young chef will make one sweet and one savory treat per day. Sweet and Savory – sounds super stellar! Recipes for all menus they make will be given at the end of the camp.

2 week session: July 23-August 3  Tuition: $325
Time: 1:00 pm–4:00 pm  Site: Brooks Crossing School

Basic Culinary Camp II  Entering Gr. K
Week 1: Kids Can Cook Too! Both boys and girls are in the bakeshop baking breads, desserts and decorating cakes (Ex: M&M chocolate cup cakes, cinnamon donut muffin, reindeer rice crispy, bagel chips). They will learn some kitchen terminology and how to use some kitchen equipment. Campers will be introduced to knife skills, chopping and dicing under supervision.

Week 2: Chock Full of Chocolate A week full of chocolate fun in the kitchen! All the recipes this week will be based on candy melts (Ex: chocolate covered strawberry, turtle pretzels, oreo melting witches, cake pops, marshmallow Lego heads). Children will have fun decorating them and also learn health information about chocolates. Recipes for all menus they make will be given at the end of the camp.

2 week session: August 6 - 17  Tuition: $325
Time: 1:00 pm–4:00 pm  Site: Brooks Crossing School

Amazing Authors!  Entering Gr. 1–2

Terri Wells, Coordinator
Amazing Authors offers a fun and enriching way for your child to explore themes, comparing and contrasting, and creating projects based on the work of four different authors. This year will explore the works of Laura Numeroff, Eric Carle, Mo Willems and Kevin Henkes. We will use these popular authors as our mentors. Children will listen to and retell many stories. Campers complete 2 or 3 response activities usually crafts based on the story. Aligned to the Common Core, this camp will focus on important reading skills needed for children.

Terri Wells teaches first grade at Indian Fields School.

2 week session: July 23–August 3  Tuition: $290
Time: 9:00 am-12:00 pm  Site: Brooks Crossing School

Afternoon Adventures!  Entering Gr. K–5

Steven Jeffries, Coordinator
Students will participate in exciting activities each day from cool science experiments to arts & crafts and paintings. Create masterpieces with sand, cook up tasty treats, listen to music, try a new computer game, read a new book with a buddy, learn different playground games, play group games in the gym and more! A great trip is planned each Friday!

Steven Jeffries is an experienced SBSD paraprofessional.

2 week sessions: July 23–Aug. 3, Aug.6–17  Tuition: $240
Time: 1:00 pm–4:00 pm  Site: Brooks Crossing School

Early Drop Off 7–9 am
Late Pick Up 4–6 pm
Great for working parents! If your child is signed up for any Enrichment Camp from July 9–August 17, you can add early morning drop off and/or late afternoon pick up.
Rate is $65 per 2 week session for early drop off and $65 per 2 week session for late pick up.

STEAM Camps

Taught by our own South Brunswick Teachers, these camps integrate Science, Technology, Engineering, Art, and Mathematics into innovative, creative and fun ways to problem solve.

Entering Grades 1–5         Brooks Crossing School         9:00 am–12:00 pm

Soaring into STEAM         Gr. 1–2
Campers will learn the basic principles of designing machines capable of flying. Researching past innovators as well as NASA’s most recent projects, will prepare them for their own aeronautical engineering work. Campers will use technology to plan, design, and create budgets for their gliders, helicopters, straw rockets, parachutes and more. Take part in a paper airplane challenge!
2 week session: July 23–August 3        Tuition: $310

Amusement Park Physics         Gr. 3–5
Do you love rollercoasters? Did you ever wonder how they design and build them? In this exciting two week camp you will learn about gravity, friction, velocity and other effects of force and motion as they relate to amusement park rides. This is a great way to experiment and build as you learn physics concepts in a fun hands on activity based environment.
2 week session: July 23–August 3        Tuition: $310

Super Sleuths         Gr. 1–2
Campers will use STEAM to act like real-life forensic scientists! They will examine, organize, and record data, use critical thinking skills and perform simple tests to solve crimes ranging from theft to water pollution. They will also learn how using technology can help compare clues, organize data and interpret coded messages.
2 week session: August 6–17        Tuition: $310

Sensing STEAM         Gr. 3–5
This camp will explore how we sense STEAM using our left-brain! We will see, hear, smell, touch, and even taste STEAM through projects such as lemon volcanoes and solar ovens. We will spend two days exploring each sense in an exciting way!
2 week session: August 6–17        Tuition: $310

AlphaBEST

AlphaBEST Education, Inc. returns with all NEW camps. Register early for these popular camps.

Enrollment limited to 20 students per camp!

Neither the Early Bird Discount nor Tuition Assistance is available for AlphaBEST.

Entering Grades 1–5         Brooks Crossing School

Take The Stage         Gr. 1–2 and Gr. 3–5
Do you like to act? Do you want to perform? Then this is the workshop for you! Through unique and fun theatre games and activities, young actors will acquire valuable skills that boost confidence, encourage teamwork, and empower the imagination. Performers will learn about voice projection, stage movement, and character development through structured games and improvisation. The workshop will conclude with an imagination celebration where our actors can perform the skills they have learned for family and friends. No acting experience necessary. Come and take the stage!
2 week session: July 9–20 for Gr. 1-2        Time: 9:00 am–12:00 pm        Tuition: $395
2 week session: July 23–August 3 for Gr. 3-5        Time: 1:00 pm–4:00 pm        Tuition: $395

Build a Computer: Save the World         Gr. 3–5
Aspiring computer engineers find themselves thrust into a world-saving mission. Using the award winning product, Piper, and Minecraft, participants play a damaged robot who needs some systems fixed. As the levels progress, players find in-game directions for how to add on to their hardware with wiring, sensors and more. The perfect combination of hardware and software design, and of course, FUN!
2 week session: July 23–August 3 for Gr. 3-5        Time: 9:00 am–12:00 pm        Tuition: $395

Coding with Ozobot         Gr. 3–5
Ozobots robots are tiny, but powerful! Students love how they follow colored lines, spin, flash lights, and dance. Math and science concepts are explored as students control Ozobot movements by drawing colored lines on paper, using simple apps or with OzoBlockly, a programming language that snaps together like puzzle pieces.
2 week session: July 9–20        Tuition: $395
Time: 1:00 pm–4:00 pm

Robot Factory         Gr. 1–2
Finally a robotics workshop that encourages creativity, experimentation and engineering for 1-2 graders. Robotis is the newest wave of block robotics straight from Korea. Each week campers will be challenged to build a new robot using rivets, plates and wheels. The actuator (motor) makes their new creation move on its own.
2 week session: July 23–August 3        Time: 9:00 am–12:00 pm        Tuition: $395
Engineering for Kids® is back with NEW CAMPS that inspire children to build on their natural curiosity by teaching engineering concepts through hands-on learning.

Enrollment limited to 20 students per camp.

Neither the Early Registration Discount nor Tuition Assistance is available for Engineering for Kids®.

Junior Inventor’s Workshop
In this workshop children will experience two weeks of fun, creativity, and of course – engineering! Over the course of ten days, campers will invent new machines and explore creative design solutions using the Engineering Design Process to create up to fifteen unique toys. They will discover how a wind-up toy works, design their own drawing robot, creating buzzing instruments and find out how animations are created plus much more inside the Engineering For Kids Inventor’s Workshop.

Medieval Machinations & Apprentice Robotics: Robo Battles
Week 1: MinecraftEDU is an expansive game that lets players design and create unique worlds with amazing structures. One of the more complicated aspects of MinecraftEDU is Redstone, which is MinecraftEDU’s version of electrical circuitry. This program will introduce children to the many uses of Redstone through a Medieval themed adventure of creation, exploration, and castle besieging, with students making mine cart tracks to help them gather resources, working together to build their kingdom, and designing traps to defend their castle, all with the use of Redstone.

Week 2: During the LEGO® Robo Battles camp, children design and program robots to perform challenges such as the SumoBots Challenge, Joisting Challenge, and the Catapult Challenge. Students use LEGO® Robotics and computers to learn principles of robotics, computer programming, and teamwork.

Kudo Kart Racing & Apprentice Computer Science: Scratch Video Sensing & Makey Makey
Week 1: Race to the finish and create your own racing game in Microsoft’s Kodu gaming environment. From terrain design to enemy selection, campers are placed at the wheel and given full control to design their own video game while exploring the foundations of coding. Kick your creativity in gear with Kodu Kart Racing.

Week 2: What’s more fun than playing an interactive video game? Writing one! Video sensing allows students to design and program their own video games and then test them by interacting with the program via webcam. In the Scratch: Video Sensing program, campers work together to create their own games, art, and musical instruments while exploring coding foundations. Imagine designing a piano using celery or creating a custom digital training program. Now, envision playing video games using just your body, a bit of wire and your own imagination. Students engineer their own customized video game controllers using a Makey Makey device and materials that can be found in just about any kitchen. Through application of circuitry, acoustical engineering and video game design, students discover new ways to interact with technology, all while creating unique designs in a fun collaborative environment.

Grades 1–2 2 week session: July 9–20 Time: 1:00 pm–4:00 pm Tuition: $395
Grades 3–5 Tuition: $395

Grades 3–5 2 week session: July 23–Aug. 3 Time: 1:00 pm–4:00 pm Tuition: $395

Mad Science!

Register Early. Enrollment is limited to 20 students per camp.

Neither the Early Bird Discount nor Tuition Assistance is available for Mad Science.

Entering Grades 1–2   Brooks Crossing School

CRAYOLA®: World of Design and Mad Machines & Jr. Engineers

Week 1: CRAYOLA®: World of Design is a summer camp that takes kids on a journey to the edges of their imagination – and beyond! They learn about Mars, the rainforest, and cities of the future, and get engaged in the creative design process to solve real-world problems. Each camp day focuses on a specific field of design, and our young architects, illustrators and graphic designers develop their ideas from concept, to sketch, to finished product. They bring their concepts to life by experimenting with Crayola® products, and exploring art techniques like sculpting, storyboarding, mixed media, and collage. Combining art, design, fun active games and inspiring themes from around the world, this camp is designed to inspire!

Week 2: Whether children enjoy building structure or destroying them, they will be more than satisfied with this camp! Mini Mad Science engineers will design and build skyscrapers using simple tools and intricate imaginations. Campers will exercise their ability to work together in order to construct a geodesic dome big enough for all of the campers to fit inside! Children will be given the opportunity to work with pulleys, wedges, screws, and levers, which they will be using to assemble their own catapults, teaching them to understand the science behind simple machines. Children will maneuver sound-activated robots around an obstacle course, play robot soccer, and even test line-tracking robots during this weeklong camp full of (robot and children) hands-on excitement.

2 week session: July 9–20 for entering Gr. 1–2   Time: 9:00 am-12:00 pm   Tuition: $395
2 week session: July 23–August 3 for entering Gr. 3–5   Time: 9:00 am-12:00 pm   Tuition: $395
2 week session: August 6–17 for entering Gr. 1–2 or Gr. 3–5   Time: 1:00 pm-4:00 pm   Tuition: $395

Junior Science Olympiad

Junior Scientists will dive into a variety of scientific fields as they mix and stretch silly putty and slime, copperplate nickels, and investigate the mysteries of optical illusions. Laser experiments and dry ice demonstrations will capture their attention as they observe how fun and exciting science can be. Campers will be amazed as they observe a chemical energy display, the world’s simplest motor, and a hair-raising interactive demonstration worthy of praise by Van de Graaff himself! Children will investigate the layers of the Earth and explore how various forces combine to create rocks and minerals. They’ll also build and race a car to learn about physics and construct a rocket to investigate the wonders of flight and aerodynamics and take both projects home to continue the fun! The Mad Scientist will astound the children as they witness remarkable color changes, experiment with acids and bases, and grow their very own crystal gardens to take home! Reach for the Science Gold in this Camp!

2 week session: July 9–20 for entering Gr. 1–2   Time: 1:00 pm-4:00 pm   Tuition: $395

Early Drop Off 7–9 am   Late Pick Up 4–6 pm
Great for working parents! If your child is signed up for any Enrichment Camp from July 9–August 17, you can add early morning drop off and/or late afternoon pick up. Rate is $65 per 2 week session for early drop off and $65 per 2 week session for late pick up.

Registration deadline is one week before camp starts or sooner if a camp fills up! The online system will NOT allow registration after the deadline!

Combine an AM Camp with a PM Camp for a Full Day of Learning & Fun!
Hot or Cold Lunch Included! See page 2
Bat League: Heroes & Villains and Everything is Awesome in Mining & Crafting

**Week 1:** Enter the dark city where a dangerous jokester and other evil villains wreak havoc. Thankfully there is a bat hero who comes out each night to fight against these evil-doers! The good guys will ride into action as campers build motorized models of the bat hero’s speedy vehicle and bat girl’s sleek motorcycle. But keep the bat light searching for the evil jokester’s motorized low rider vehicle cruising through the city streets as well. Send the bat hero swinging on his grappling hook technic model from one skyscraper to the next as he fights crime with his trusty super sidekick.

**Week 2:** Minecraft is a game about placing blocks to build anything you can imagine. At night monsters come out, so make sure you build a shelter before that happens. Experience the world of Minecraft with LEGO® Bricks in this fun summer camp! Kids will start by crafting their shelters and some of the mobs, critters and tools using LEGO® Bricks. Campers will face new challenges each day, building models and crafting key elements from the popular Minecraft game. They will also get a chance to program animals and other Minecraft creatures in their own version of Minecraft or use code to take Alex/Steve on an adventure.

**Grades:** 1-2                                      **Tuition:** $395
**2 week session: July 23–August 3**              **Time:** 1 pm–4 pm

**Goofy Gadgets & Cranium Contraptions and Mission 2 Space Camp**

**Week 1:** Goofy Gadgets and Crazy Contraptions is all about making creations that are fun and interactive, from a spinning top, to a drawing machine and lots more. Kids will just love these LEGO® projects that allow for interesting building challenges and exciting games. Build and explore crazy contraptions that really work your brain. Campers use LEGO® Bricks, axels, pulleys, gears and motors to create fun and interactive models. Compete with friends in a rousing game of Battle Tops or Foosball. Put your hand-eye coordination to the test with the Ping Pong Popper model. Experiment with the Mini Fig Mover to see how this model will send your mini fig for a ride. All this and more are waiting to be discovered as students learn and play with Cranium Contraptions.

**Week 2:** Space, often called “the last frontier”, has inspired scientists, star-gazers and adventurers for generations. Get inspired to go on your own adventure and join us on a Mission 2 Space! Discover some incredible structures at Kennedy Space Center’s Launch Complex 39, travel the surface of the moon on a lunar rover, and explore Mars onboard the “Curiosity”. Our tour would not be complete without a visit to the International Space Station. We’ll provide the bricks; all you need to bring for this adventure is your imagination!

**Grades:** 1-2                                      **Tuition:** $395
**2 week session: August 6–17**                    **Time:** 9 am–12 pm

**Master Builders LEGO® Camp and Transformation Creations with Robotics Challenge**

**Week 1:** Making it move is the name of the game at this exciting camp! Kids will love to see their creations in motion using LEGO® wireless remote controls & also through coding. Each day, campers will use fascinating and challenging LEGO® components to create dynamic vehicles, inventions, machines and more. As they enjoy the fun of building, campers will understand the basic working principles of many ingenious devices that are part of our everyday lives. They will also learn how to magnify, diminish and redirect force to move objects at different speeds and in different directions. To add to the fun, they will also learn all about circuits by using an electronic invention tool that connects everyday objects to computer programs with circuit boards.

**Week 2:** Get ready to build and discover how your model transforms! Campers will love the mash-up of combination models that can be rebuilt into something different. These awesome 2-in-1 models will include exciting characters, robots, vehicles and more! Follow the step-by-step building plans and ignite your inner engineer by using your imagination to transform your model into something unique. Join us for this fun-filled camp where you’ll use your creativity and engineering skills to build and transform your robotic models by programming them on the computer to make them do whatever you want!

**Grades:** 3-5                                      **Tuition:** $395
**2 week session: August 6–17**                    **Time:** 9 am–12 pm

Reading & Math Enrichment
Entering Grades 1–5
Brooks Crossing School
1:00 pm–4:00 pm

$290 per 2 week camp

Keep learning throughout the summer in a fun, project-based learning environment!
Join South Brunswick teachers and staff as they integrate writing with reading and math in many engaging activities.

**Children entering Grade 1 must be 6 years old by October 31, 2018 to sign up for this camp.

Reading/Writing

July 23–August 3
Grades 1-2
Do you have a favorite poet or poem? Would you like to work on your rhyme or rhythm to create your own poetry? In this unique class you will learn how to spin your own web of poetry magic. Create a book of poetry to take with you as a memento of your wonderful two week experience.

August 6–17
Grades 1-2
Have you ever read a fairytale and wished you could change the ending, the characters, or the setting? Come share your favorite fairytale. Then, learn how to take these tales and turn them upside down by rewriting them to add your own personal touch and sense of humor. Finish the session by performing your fractured tale with your peers.

July 23–August 3
Grades 3-5
Come join this middy group for writers who would like some help and guidance in this non-hurried, relaxed atmosphere of support and encouragement. Every level of writer is encouraged to participate, from beginners to advanced and every type of writing, both fiction and nonfiction – sci-fi, thrillers, mysteries, romance, poetry, memoirs and more. Learn the steps it takes to become a great writer.

August 6–17
Grades 3-5
If you like to play detective, then unsolved mysteries is the camp for you! We’ll read all new mysteries, learn how to make predictions and pull out important facts from what we’re reading. Work on observation skills playing spy games, decoding secret messages and solving our own enrichment camp mystery.

Mathematics

July 23–August 3
Grades 1-2
Come one, come all! Number navigators is going to be a ball! We will count, add, subtract, and more. All about number sense we will explore! We will make math monsters and other crafts too, like learning about measuring by making some goo!

August 6–17
Grades 1-2
Your child will have lots of fun while transforming the school yard into his or her favorite learning place. Math comes alive as children count, add, subtract, measure, pattern, graph and problem solve in the great outdoors! Play games, interact with each other, learn, practice and reinforce a variety of math skills in playground math.

July 23–August 3
Grades 3-5
Get started in architecture! Learn how to construct models using your knowledge of customary and metric units, perimeter, area and scaling. Create a 3-dimensional model of your dream house.

August 6–17
Grades 3-5
Want to start your own business? Learn what it takes to start a sound business. Use the computer to design a product of your choice then develop a company around the product. Name your company, design a logo, set your prices and create advertisements. Plan your marketing strategy and defeat the competition by acquiring new computer skills.

Combine Reading or Math with a morning Enrichment Camp for a Full Day of Learning & Fun! Hot or Cold Lunch Included!

See page 2 for details about lunch.

Early Drop Off 7–9 am Late Pick Up 4–6 pm

Great for working parents! If your child is signed up for any Enrichment Camp from July 9–August 17, you can add early morning drop off and/or late afternoon pick up. Rate is $65 per 2 week session for early drop off and $65 per 2 week session for late pick up.
Limited tuition assistance is available for South Brunswick Residents. Check page 2 for application details. Deadlines apply.

**Cheerleading Camp**
Entering Gr. 3–5

Victoria Porcelli, Coordinator
Boys and girls – join the fun! This camp is a great way to have fun and cheer at the same time! Beginners learn the basics. If you have some skills that need sharpening, you can work on moving to the next level. Campers learn safety, teamwork, and other cheerleading skills such as cheers, chants, stunts, fun and creative dances, and proper motion technique and jumps. On the last day of camp, campers will perform a short routine!

Victoria Porcelli teaches at Brunswick Acres School. She was a cheerleader for many years and also has coached various age groups in Cheer.

2 week session: July 23–Aug. 3  Tuition: $260
Time: 9:00 am–12:00 pm  Site: Brooks Crossing School

**Beginner’s Cooking**
Entering Grades 3–5

Staci Ellison, Coordinator
Do you want to be able to help Mom in the kitchen? Learn the basics of kitchen safety and measuring as we complete a variety of delicious healthy foods. We will include all the major meals plus desserts and snacks. Enjoy french toast, smoothies, quiche, and much more. Join us and start fostering a lifetime of culinary growth.

Staci Ellison is an experienced SBSD paraprofessional.

2 week session: July 9–20  Tuition: $260

The Jr. Chef Culinary Arts Program aims to cater to current trends in the cooking world to motivate a camper’s interest. Recipes will be given to students to take home, so they can continue to improve their skills.

Before registering for a Jr. Chef cooking camp, please take into consideration any food allergies or dietary restrictions your child may have.

Neither the Early Bird Discount nor Tuition Assistance is available for Jr. Chef.

### Jr. Chef 101
**Gr. 3-5**
**Week 1: Master the Basics**
The focus for this week is building on your existing skills, expanding your taste range, and becoming less recipe-dependent and more creative. Campers will gain confidence cooking for family and friends. Some recipes might be mini lasagna, 3 cheese stuffed pasta shells, carrot cakes, homemade pizza and pizza sauce.

**Week 2: Restaurant Remakes**
Does your child have a favorite restaurant? Are they always requesting lettuce wraps from one place and BBQ chicken wings from another? Let’s take a trip down the take out lane without leaving the house. We will make recipes that are sure to please even the pickiest palate. Kids will learn to make dishes such as tasty chicken quesadillas, veggie wraps, and Italian pineapple trifle.

- **2 week session:** August 6-17
- **Time:** 1 pm–4 pm
- **Tuition:** $325
- **Site:** Brooks Crossing School

### Jr. Chef 201
**Gr. 6-8**
**Week 1: Around the World in 5 Days**
Do you have an adventurous spirit? Earn your culinary passport as we explore tasty recipes from all different regions of the world. Jr. Chefs will make Italian, Mexican, Asian and more. (Ex: Italian stuffed shells, variety of tacos, yummy Asian curries, spring rolls). Come join us and add some stamps to your palate’s passport.

**Week 2: Food Lab**
Have you ever wondered about why a peach ripens faster in a brown paper bag or how rock candy forms in a jar? Have you ever wondered about the difference between baking powder and baking soda and their magical ability to make cupcakes rise? Young culinary scientists will observe these experiments while cooking and having fun. (Ex: apple crisp pizza, chocolate lava cake, pumpkin bread, cherry bonbon cookies).

- **2 week session:** July 9-20
- **Time:** 9:15 am–12:15 pm
- **Site:** Crossroads South Middle School
- **Tuition:** $325

### Music Camps
**Entering Grades 4–9**
**$260 per camp**

#### Summer Strings
**Instruments:** violin, viola, cello, and double bass
Learn new pieces and play different styles of music including classical, jazz, folk, and pop according to experience level. Practice in small and large groups.

**Elementary Strings**
For students entering grades 4-5
- **2 week session:** July 9–20
- **Time:** 9:00 am–12:00 pm
- **Site:** Brooks Crossing School

**Middle School Strings**
For students entering grades 6-9 with experience on a string instrument
- **2 week session:** July 23–August 3
- **Time:** 9:15 am–12:15 pm
- **Site:** Crossroads South Middle School

#### Concert Band
**Instruments:** flute, oboe, bassoon, horn, clarinet, saxophone, trumpet, trombone, euphonium, tuba and percussion
Develop skills in solo, small and large ensemble playing through guided individual practice, chamber music, and band rehearsals. Emphasis will be placed on performing music that is age appropriate, yet challenging.

**Elementary Band**
For students entering grades 4-5
- **2 week session:** July 9–20
- **Time:** 9:00 am–12:00 pm
- **Site:** Brooks Crossing School

**Middle School Band**
For students entering grades 6-9 with experience on a band instrument
- **2 week session:** July 23–August 3
- **Time:** 9:15 am–12:15 pm
- **Site:** Crossroads South Middle School

#### Jazz Band
**Instruments:** saxophone, trumpet, trombone, piano, electric guitar, bass guitar, double bass and drum set
Focus on the fundamentals of playing in a jazz ensemble and jazz concepts including style, technique, soloing, and improvisation. Experience in a jazz band is helpful, but not necessary to succeed in this program.

**Students must bring their own instrument to all music camps!**

Parents and friends are invited to enjoy a concert on the last day of each music camp.

Theatre Acting Workshop
Entering Grades 6–9

Sandra Olson, Coordinator
It’s Show Time! Have you ever wanted to learn more about theatre and acting? Well, this is the camp for you! Join us as we explore all aspects of acting. Each day we will start by learning a new technique. Then you will have the chance to put the new technique into practice by working in small groups. Finally, each day will conclude with a performance and a critique session. This is where you will have a chance to perform as well as watch and learn from others. This is sure to be 10 days of acting fun!

Sandra Olson teaches at Crossroads North Middle School.

2 week session: July 9-20 Time: 9:15 am–12:15 pm
Tuition: $260 Site: Crossroads South Middle School

Music, Theatre & Arts
Entering Grades 6–9

Sandra Olson, Coordinator
It’s Theater Mania! Learn what it means to be a triple threat! Come and learn how a musical theater show is put together from beginning to end! From singing to acting, dancing, lighting and set design. Each day we will work on different aspects of show production. Students will receive vocal coaching, scene and dialogue coaching, and dance and choreography instruction. We will present a musical production for family and friends at the end!

Sandra Olson teaches at Crossroads North Middle School.

2 week session: July 9-20 Time: 1:15–4:15 pm
Tuition: $260 Site: Crossroads South Middle School

Combo Sports
Entering Grades 6–8

Dennis Shoro, Coordinator
If you are a sports fanatic then this is the camp for you. Combo Sports focuses on developing teamwork, strategy skills and individual skill development. Each day you will improve your skills in archery and rock wall climbing, then play some cooperative and team games such as soccer, basketball, ultimate frisbee, flag football, racket sports, or handball. Improve your skills or learn a new game in a non-competitive environment! Join us!

Dennis Shoro teaches at Crossroads South Middle School.

2 week session: July 9-20 Time: 1:15–4:15 pm
Tuition: $240 Site: Crossroads South Middle School

AlphaBEST!
Entering Grades 6–8

AlphaBEST returns with all NEW CAMPS so students can learn, develop, explore, and have fun in a safe, educational environment.

Register Early. Enrollment is limited to 20!

Neither the Early Bird Discount nor Tuition Assistance is available for AlphaBEST.

Build a Computer: Save the World
Aspiring computer engineers find themselves thrust into a world-saving mission. Using the award winning product, Piper, and Minecraft, participants play a damaged robot who needs some systems fixed. As the levels progress, players find in-game directions for how to add on to their hardware, with wiring, sensors and more. The perfect combination of hardware and software design, and of course, FUN!

Coding with Ozobot
Ozobots robots are tiny, but powerful! Students love how they follow colored lines, spin, flash lights, and dance. Math and science concepts are explored as students control Ozobot movements by drawing colored lines on paper, using simple apps or with Ozoblockly, a programming language that snaps together like puzzle pieces.

Registration deadline is one week before camp starts or sooner if a camp fills up!

*Combine an AM Camp with a PM Camp* for a Full Day of Learning & Fun! Hot or Cold Lunch Included! See page 2 for details about lunch.

Need Early Drop Off 7-9:15 am or Late Pick Up 4:15–6 pm? See page 21 for details.

STEAM Camps

Taught by our own South Brunswick Teachers, these camps integrate Science, Technology, Engineering, Art, and Mathematics into innovative, creative and fun ways to problem solve.

Entering Grades 6–9

Makey Makey 101  
Willa Laskowitz, Coordinator  
Gr. 6–8

Using the Makey Makey, we will turn everyday objects into tools to interface with our chromebooks. Turn any conductive material into a keyboard key to build pianos out of bananas, game controllers from Play Doh, or turn your fellow campers into keys! We will learn the basics of electricity, circuitry, and capacitive sensing in this inventing/makerspace camp. You will leave this camp both knowing tools that already exist as well as ways to create your own maker masterpieces!

Willa Laskowitz teaches at Crossroads North Middle School.

2 week session: July 9-20  
Time: 9:15 am–12:15 pm  
Tuition: $310  
Site: Crossroads South Middle School

Battle Robots  
Willa Laskowitz, Coordinator  
Gr. 6–8

Campers will get to have the true thrill of designing, building, programming and controlling their very own bluetooth remote controlled battle robots in skilled competition with other robotic engineers. Over a two week period, campers will go through the step by step process where they will learn both advanced engineering as well as scientific concepts. As camp nears to an end, we will close our learning with an exciting championship full of fun and laughs as our battle robots go head to head! It is definitely an event not to be missed!

Willa Laskowitz teaches at Crossroads North Middle School.

2 week session: July 9-20  
Time: 1:15–4:15 pm  
Tuition: $310  
Site: Crossroads South Middle School

Guitar Workshop  
Entering Grades 6–8

Matt Piszko, Coordinator

Join us for a jam packed experience! Students will work in groups at their own skill level. Beginners with less than 6 months of experience will learn how to properly hold the instrument, learn the notes on all 6 strings, play basic beginning chords, start reading notes and tablature and play some easy guitar riffs. Intermediate to advanced students will have the opportunity to learn and perform alone and in a group ensemble at their own level of proficiency. Campers will explore playing in different styles, position playing, advanced chord forms, scales, soloing and improvisational theory and techniques, and reading in several styles. Even though this will be a learning experience, the emphasis will be on having a fun music-filled camp. Bring your guitar!

Matthew Piszko teaches music at Cambridge and Indian Fields Schools.

2 week session: August 6-17  
Time: 9:15 am–12:15 pm  
Tuition: $260  
Site: Crossroads South Middle School

STEM, Coding and More  
Tim Sweeney, Coordinator  
NEW  
Gr. 8 & 9  
STEM!

The demand for talented coders, computer programmers, engineers, designers and creative minds continues to increase. In the fast-paced, technologically driven world in which we live, young minds need to develop the important thinking skills STEM provides. This camp will focus on the core principles, while helping students develop vital critical thinking and problem solving skills with a hands-on approach to learning. Using a project based curriculum, campers will explore areas such as technology education, coding, electronics, transportation, design and problem solving, among others. You will have a fun time exploring, designing and creating.

Tim Sweeney, teaches at South Brunswick High School. His expertise is in Technology Education & Engineering.

2 week session: July 23-August 3  
Time: 9:00 am–12:00 pm or 1:00–4:00 pm  
Tuition: $310  
Site: South Brunswick High School - Early Drop Off or Late Pick Up is not available for this camp.

Early Drop Off 7–9:15 am  
Late Pick Up 4:15–6 pm

Great for working parents! If your child is signed up for any Enrichment Camp from July 9–August 17, you can add early morning drop off and/or late afternoon pick up. Rate is $65 per 2 week session for early drop off and $65 per 2 week session for late pick up.
Engineering for Kids® presents NEW CAMPS designed especially for middle school students. Enrollment limited to 20 students per camp.

Engineering for Kids®

VEX Robotics
VEX IQ is a snap-together robotics system designed from the ground up to provide this opportunity to future engineers. ROBOTC is a C-Based Programming Language and the premiere robotics programming language for educational robotics and competitions. It will help students transition to real coding language. By packaging advanced concepts into an accessible package, this program naturally encourages problem solving, resilience, teamwork and leadership skills. Learn the essentials of competition robotics including but not limited to: VEX IQ, Clawbot IQ, engineering science and math, mechanisms, teleoperated robots, how sensors work and the basics of programming. Build a challenge-ready autonomous robot.

2 week session: July 23-August 3  Tuition: $395

Design the Future & Coding with Electric Game Design: Ninja Attack
What does the future look like? In the first week, we will embark on an odyssey to explore the future of transportation, manufacturing and structure. Let’s take a look at the innovations of today and apply them to create the designs of tomorrow as we explore ways to harness clean energy and house a growing human population. During the second week, in Electronic Game Design: Ninja Attack!, we will create our own version of a Platform game set in a dojo that we will defend from a ninja attack! We will use the Engineering Design Process to create a storyboard to outline the rules of play and characters for our game. Then, we will use Clickteam Fusion 2.5® to bring our storyboard to life with programming. Everyone takes home a working Windows compatible game.

2 week session: August 6-17  Tuition: $395

Art Studio
Entering Grades 6–8

Jill Ward & Suzanne Tiedemann, Coordinators
Always creating at home? Keep your creativity alive over the summer. Explore the magic of mixed media! Students will create various works of mixed media art using painting, drawing, clay, collage and printmaking techniques.

Jill Ward is an art teacher at Monmouth Jct School. Suzanne Tiedemann is an art teacher at Brunswick Acres School.

2 week session: July 23–Aug. 3  Tuition: $260
Time: 9:15 am–12:15 pm
Site: Crossroads South Middle School

Debate & Mock Trials
Entering Grades 6–8

Jonathan Medina, Coordinator
Do you like arguing for fun? Are you interested in the possibility of a career in law or politics? Or, do you want to sharpen your research, oratory, and persuasive skills? If you answered yes to any of the aforementioned questions, you’ll enjoy participating in debate and mock trials. During the course of each day, you will collaborate with peers to develop your ability to research and formulate arguments, while learning to think on your feet. You will also become more informed on a wide range of political, legal, and current events issues to be able to articulate yourself with confidence during a debate or trial session. The debates and trials covered this summer will be different than last summer, but will be the same in the morning and afternoon camps. Students can register for either the morning or the afternoon, but not both.

2 week session: July 23–August 3  Tuition: $290
Time: 9:15 am–12:15 pm or 1:15–4:15 pm
Site: Crossroads South Middle School
Leadership Training Program for Select Students Entering Grade 10

We offer a Leadership Training Program for a small group of students who are going into the 10th grade. Students will assist counselors and junior counselors with BASE camp activities. This is a great opportunity to gain valuable experience working with young children.

Students need to complete an application at least two weeks before a camp session begins, provide references and be interviewed as part of the selection process. Apply for one, two or all three sessions: July 9-20, July 23-August 3, August 6-17. Preference is given to former Day Campers and SBHS students. The cost is $245 for each 10 day session from 9 am–4 pm, with the option of coming to before and/or after camp at no additional cost. If selected, payment is due within 2 weeks.
Advanced Robotics with Mindstorm EV3 & Comic Creator and Story Visualizer
Entering Grades 6–8

Week 1: Experience the cutting edge of technology with the introduction of LEGO® MINDSTORMS EV3 Robotics. Students will be captivated as they incorporate the newest generation of motors, sensors and software by programming their commands directly into the intelligent brick. Test their capabilities by moving an object with a robotic claw, building a robot that draws or creating a mouse trap. Our endless list of builds is sure to provide the fundamental components of robotics at its best!

Week 2: Explore the artistic form of comic book design as you learn to create your personalized edition. Create your own characters, develop story lines and incorporate pictures of actual sets, all designed with LEGO® Bricks! After creating various scenes, campers will snap pictures and upload them, utilizing a software program to create their very own, one of a kind comic book. Along with honing your story telling skills, this camp is sure to take your imagination to the next level. Using LEGO® Bricks and other special elements, students create their story one scene at a time, bringing their ideas to life. Once completed they then use the Story Visualizer Software to write their story in a variety of visual styles and import the images of the scenes they have made, thus creating a comic strip.

2 week session: August 6-17  Time: 1:15–4:15 pm  Tuition: $395  Site: Crossroads South Middle School

Vegetarian Cooking
Entering Grades 6–8

Staci Ellison & Amel Ghobrial, Coordinators
Come join us as we explore healthy vegetarian recipes, that will include pasta, rice, vegetables along with many other vegetarian dishes. We will discuss kitchen safety, kitchen etiquette, and healthy meal planning! Assemble a cookbook with all of the recipes to share your culinary experience with your family and friends!

Staci Ellison is a paraprofessional at several SB schools.
Amel Ghobrial is a world language teacher at South Brunswick High School.

2 week session: August 6-17  Time: 9:15 am–12:15 pm  Tuition: $260  Site: Crossroads South Middle School

Cooking 101
Entering Grades 6–8

Staci Ellison & Amel Ghobrial, Coordinators
Come join us as we learn new cooking skills and perfect the skills you already know. During camp you will learn proper kitchen etiquette, kitchen safety, healthy meal planning, and the proper way to set a table and serve the meal. Learn about foods from different cultures. We will create many delicious dishes that will include pizza and pasta, which you will be able to serve for breakfast, lunch or dinner. You will be given an opportunity to create a cookbook so you can share your culinary journey with your family and friends!

Staci Ellison is a paraprofessional at several SB schools.
Amel Ghobrial is a world language teacher at South Brunswick High School.

2 week session: August 6-17  Time: 1:15–4:15 pm  Tuition: $260  Site: Crossroads South Middle School

Registeration deadline is one week before camp starts or sooner if a camp fills up! The online system will not allow registrations after the deadline!
Saturday Tennis for Ages 4 - High School and Adults, too!

In the Pee Wee program children, ages 4-8, are introduced to the basics in small groups. Children ages 8-17, including middle & high school students are placed in groups by age and ability. Beginners learn the basics. Intermediate and advanced players gain self-confidence in competitive play. Come join Barbara Whitman, Director and former SBHS Tennis Coach, and her team of experienced instructors who love teaching and playing tennis.

Golf: Adults & Teens

High school students are permitted to register when a parent also registers to attend.

It’s almost like private lessons! Only 8 students per class! Join Ray Cavicchio, a golf teaching professional with many years of experience, including work with LPGA and PGA Tour Professionals. Class meets rain or shine! Beginner golfers start learning while those with some experience improve their game. Learn the simple “secrets” of striking the ball for distance and accuracy, along with chipping, pitching and putting. If possible, bring a 7 or 8 iron. Purchase a bucket of golf balls at each class. Total cost for balls will be apx. $35 for course. No senior discount. Held at Raritan Golf Range, 101 Orlando Drive, Raritan off Route 206 just south of the Somerville Circle where Routes 202, 206 & 28 meet.
5 Sundays: May 6–June 3 Tuition fee: $119
