

OUR GOAL:

Facilitate key relationship opportunities for students who are in need of guidance, friendship, or life direction beyond the traditional school orientation. Foster targeted mentorships to provide innovative guidance for post high school pathways.

WHEN WE SUCCEED IN 2025:

- The district will have fully developed a strong, sustainable and well-trained cadre of highly diverse mentors and ambassadors.
- All stakeholders will be aware of opportunities to connect with mentors
- Students participating in the Ambassador program will report a highly positive experience.

WHY THIS MATTERS: Students benefit from making connections with people that can provide guidance and support in their schooling and personal growth.

INITIAL IDEAS AND ACTIONS:

- Create an Ambassador program and recruit mentors using community, alumni, and family resources. (beyond SB staff)
- Launch a communication campaign to showcase the availability and potential of the ambassador/mentor programs at all levels.
- Match students to mentors
