

OUR GOAL:

Enhance safety on school grounds before and after school hours through systemic approach to communication, response, and safety protocols.

WHEN WE SUCCEED IN 2025:

- Staff, students, and community members will report feeling safer in our buildings during before and after school hours as measured by a wellness survey.
- A systemic set of protocols will be in place that maintain secure environments in all buildings when students are present for school related activities (before and after the regular school day.).

WHY THIS MATTERS: Increasing systemic safety and security measures during before and after school hours helps to ensure the general welfare of our students and school community when activities occur.

INITIAL IDEAS AND ACTIONS:

- Audit current safety procedures structures and protocols across the district for before and after school activities/ programs
- Evaluate staffing needs specifically for campus security in order to ensure security ownership at each site.
- Review and refine communication and training of beyond the day security protocols for staff

Timeline and Next Steps

-  Research/Discovery
-  Transition Period
-  Implementing

SY 2019-2020
(July - December)

SY 2019-2020
(January - June)

SY 2020-2021

SY 2021-2022

July - December: A few campuses will develop and test new safety procedures

January 2020: The initial campuses will revise procedures and provide recommendations for the rest of the district
