

## OUR GOAL:

Maintain safety and security throughout unstructured settings, along with developing clear expectations for student behavior and adult responsibilities within these locations.

## WHEN WE SUCCEED IN 2025:

- Student, parent, and staff surveys will indicate that stakeholders feel safe and secure at school.
- We will experience a reduction in incident & disciplinary reports from unstructured settings.
- Staff will demonstrate of deeper ownership of unstructured settings.

**WHY THIS MATTERS:** Before any learning can take place, students need to feel safe and secure in all school settings.

## INITIAL IDEAS AND ACTIONS:

- Audit current safety procedures, structures and protocols across the district as they relate to unstructured areas.
- Provide awareness and protocol training to staff and students regarding expectations when being in certain areas within the school.
- Explore security equipment such as cameras, swipe card access system and GPS bus tracking
